### REMARKS

In response to the Notice of Non-Compliant Amendment mailed on October 23, 2006, Applicants provide herein a complete listing of all of the claims, and the Remarks begin on a separate page. Applicants submit that the present amendment is compliant.

As indicated in the reply filed on July 31, 2006, Applicants elect the invention of Group X (claim 77). In order to facilitate prosecution, claims 1-85 have been canceled; and new claims 86-91 have been added. Claim 86 is identical to previously pending independent claim 77. New claims 87-90 are previously pending claims 78-81 with a correction for proper antecedent ("cell" instead of "method"). Claim 91 has been added to encompass a sulfatase protein of the invention produced by the cells of the invention. No new matter has been added.
